Make room to play

Use three toy figures to practice welcoming someone into a game.

1. Explain the game

Two toys begin playing. Tell the visitor what they are doing.

2. Offer a choice

Suggest something the visitor could do. Leave room for their idea.

3. Make space

Find a place to sit or something to use. Ask what would help.

4. Accept the answer

The visitor can join, watch, or say no. Try a different answer in the next round.

Words to try

We're making a store. Would you like to help?

What would you like to do?

Okay. You can watch if you want.

Draw or tell

Draw a game and one way another child could join.
