Our Turn-Taking Plan

Choose one shared toy. Let an adult help everyone understand the plan.

Name the toy

Is it a personal belonging or something we are using together?

Make the turn clear

Choose one small finishing point and say who has the next turn.

Choose while waiting

Pick a different activity. Ask an adult to help remember the next turn.

Words to try

Can I have a turn when you're finished?

You can finish this trip, then I will help with the next turn.

Would you like to build or read while you wait?

Draw or tell

Draw the shared toy and something you could do while you wait.

Personal belongings can stay personal. Adults manage safety, equipment rules and turn agreements; a timer is optional.
